

ETCP Recognized Contractor Best Practices Agreement

**Contractor of ETCP
Certified Technicians**

ETCP Recognized Contractors will need to submit a renewal agreement prior to the expiration date to maintain recognition.

ETCP Recognized Contractors will:

- **Be promoted on the ETCP website.**
- **May utilize the ETCP Recognized logo on the company's website and all printed materials.**

These privileges are in effect for one year. Companies who do not renew will be removed from the ETCP website and must remove the ETCP Recognized logo from the the company's letterhead, website, and from all other advertising materials.

If you have questions about the new policies in the Best Practices Agreement or have questions about the ETCP Recognized Provider Program, please contact Meredith Moseley-Bennett, ETCP Certification Manager, at etcp@esta.org or 212-244-1505.

These Best Practices represent a commitment to the enhancement of safety and reduction of risk in the workplace. Contractors demonstrate Best Practices by utilizing ETCP Certified Riggers, Electricians and/or Portable Power Distribution Technicians in appropriate positions, and by encouraging other employees to become ETCP Certified professionals. Employers who accept these Best Practices stand behind the knowledge, skill and dedication to safety of their ETCP Certified Technicians.

Our company wishes to become an ETCP Recognized Contractor to reduce risk and promote workplace safety; therefore, we agree to abide by these Best Practices:

- **Utilize ETCP Recognized Employers, and/or ETCP Certified Riggers and Electricians, where appropriate, in project planning and approval, onsite lead positions, and in project supervisory positions.**
- **Utilize other ETCP Certified Technicians where appropriate.**
- **Promote rigging and electrical safety and safe practices in venues where we work.**
- **Encourage and support continuing education/training for renewal of ETCP credentials.**
- **Promote honesty and integrity to ensure rigging and electrical systems and equipment meet industry standards.**
- **Support industry initiatives to further rigging and electrical safety and research to promote safer venues.**

Please complete the information on the next page and return to ETCP.

The Contractor may not represent or imply that this recognition is in any way an endorsement by ETCP of the Recognized Contractor's practices. Furthermore, the Contractor will not misrepresent its level of commitment in terms of when, where, and how its ETCP Recognized personnel are engaged. This Agreement is entered into in good faith between ETCP and the Contractor. The ETCP Council will accept and investigate complaints that ETCP Recognized Contractors are not following Best Practices as outlined in this Agreement or are violating any of the provisions of this Agreement . ETCP reserves the right to revoke the designation in its sole and absolute discretion.
