

## ETCP Recognized Labor Provider Best Practices Agreement

**Provider of ETCP  
Certified Technicians**

*ETCP Recognized Labor Providers will need to submit a renewal agreement prior to the expiration date to maintain recognition.*

**ETCP Recognized Labor Providers will:**

- **Be promoted on the ETCP website.**
- **May utilize the ETCP Recognized logo on the company's website and all printed materials.**

These privileges are in effect for one year. Organizations who do not renew will be removed from the ETCP website and must remove the ETCP Recognized logo from their letterhead, website, and from all other advertising materials.

If you have questions about the new policies in the Best Practices Agreement or have questions about the ETCP Recognized Provider Program, please contact Meredith Moseley-Bennett, ETCP Certification Manager, at [etcp@esta.org](mailto:etcp@esta.org) or 212-244-1505.

These Best Practices represent a commitment to the enhancement of safety and reduction of risk in the workplace. Labor Providers demonstrate Best Practices by utilizing ETCP Certified Riggers, Electricians and/or Portable Power Distribution Technicians in appropriate positions, and by encouraging their workforce to become ETCP Certified professionals. Employers who accept these Best Practices stand behind the knowledge, skill and dedication to safety of their ETCP Certified Technicians.

**Our company wishes to become an ETCP Recognized Labor Provider to reduce risk and promote workplace safety; therefore, we agree to abide by these Best Practices:**

- **Utilize ETCP Certified Technicians, where appropriate, in project planning and approval, onsite lead positions, and in project supervisory positions.**
- **Utilize other ETCP Certified Technicians where appropriate.**
- **Promote rigging and electrical safety and safe practices in venues where we provide labor.**
- **Encourage and support continuing education/training for renewal of ETCP credentials.**
- **Promote honesty and integrity to ensure rigging and electrical systems and equipment meet industry standards.**
- **Support industry initiatives to further rigging and electrical safety and research to promote safer venues.**

*Please complete the information on the next page and return to ETCP.*
