

Not to be missed ESTA events at The 2023 NAMM Show

AS ALWAYS, there is a seemingly infinite number of things to do at The NAMM Show. Here's a preview of what ESTA will be up to. We can't wait to see you there!

On Wednesday night before the show opens, ESTA will once again host the **Happy Hour for Behind the Scenes**. A perennial favorite, Happy Hour is a chance to reconnect with old friends, make some new ones, and rejoice in being finished setting up your booth! Take in the glorious Southern California weather on the Platinum Patio of the Marriott Anaheim while raising money for our favorite industry charity, Behind the Scenes, which provides grants to seriously ill or injured entertainment technology professionals.

Thursday afternoon you can join us at the **LSA and ESTA Welcome Reception** on the show floor. Enjoy complimentary drinks and help us celebrate the end of a successful first day! It's a great opportunity to mingle with your colleagues in the Entertainment Technology Lounge.

In addition to social events, **ESTA Curated Education @ NAMM** is back.

If you're looking to gain knowledge and earn some ETCP renewal credits, you can attend our many illuminating and incisive education classes, all of which are free with registration. Find the full list of sessions and descriptions on page 26. There are four tracks that feature the following courses:

Rigging Track:

- The Importance and Methodologies of Truss Inspection
- Industrial Rope Access – A Means to an End or the Bus We Use to Take to Work?
- Intro to Rigging Math

Lighting & Electrics Track:

- Powering Your Festival Stage: Power Distribution for Outdoor Live Events
- Keeping It Clean: Clean Power Systems for Audio, Video, and Lighting Systems
- Electronics for Guitars
- Keep the Rhythm Going! Electrical Safety for Live Events
- On the Road: Portable Power Systems for Audio Systems

Lighting & Networking Track:

- What Does RDM Buy Us?
- Controlling Color with LED Lighting
- Wireless DMX512
- Networking Basics
- Advanced Ethernet Networking for Entertainment

Safety Track:

- To Sleep, Perchance to Dream: The Harmful Effects of Sleep Deprivation
- Setting the (ANSI) Standard for Safety in Live Events
- Production Safety: Integrating Public, Audience, and Worker Safety into Your Plans

And don't forget to stop by the ESTA booth #12127 in the Event Technology Hall A to say hello to the ESTA team! ■
